RE: Liability Insurance Coverage for
Alaska State Owned Vehicles

This notice shall serve as verification that the State of Alaska provides automobile liability insurance protection for all State owned vehicles and employee drivers of such vehicles; including while traveling through the Sovereign Dominion of Canada.

The State of Alaska provides this coverage through the State Self-Insurance Program as authorized under AS 37.05.287. The State of Alaska and its agencies are covered for property and liability exposures through major worldwide insurance programs with large self-insured retentions and high excess liability limits appropriate for meeting the risk levels required by the State. Losses that fall within these self-insured (deductible) levels, including those for which we are contractually liable, are covered by the financial resources of the State and are administered under the self-insured claims program handled by this office.

Any inquiries should be addressed to this office at the address listed above, or you may phone (907) 465-5724 for additional information. Thank you for your courtesy and attention to this matter.

Sincerely,

J. Scott Jordan
Risk Manager
Alaska Division of Risk Management
Department of Administration
State of Alaska
